ST. CROIX COUNTY FACTS AND HISTORY

The French were the first white people to sight the land which is now St. Croix County. In 1687 Daniel Greysolon du Luth, a French explorer and adventurer, used the Brule-St. Croix waterway as a short route from Lake Superior to the Mississippi River. A year later, Father Louis Hennepin, a priest of the Order of St. Francis, was brought into the St. Croix territory as a prisoner of the Sioux Indians. It was not however, until 1689 that Nicolas Perrot took possession of the lands of the present Upper Mississippi, St. Croix and St. Peter Valleys in the name of France. French rule ended in the Upper Mississippi Valley with the Treaty of Paris of 1763, and by the Peace of Paris of 1783 the land east of the Mississippi became part of the United States.

Although Laurient Barth, Jacques Porlier, and Charles Reaume established a fur-trading station in 1793 on the St. Croix River bordering the land which is now St. Croix County, it was not until peace was fully established with the Indians that this region could be fully settled. By a treaty signed at Washington in 1837 the Dakota or Sioux Indians ceded to the United States Government all their lands east of the Mississippi River. In the same year a treaty was made at Fort Snelling with the Chippewa or Ojibway Indians whereby they ceded to the United States all their lands east of the Mississippi to near the headwaters of the St. Croix and Chippewa Rivers.

The first settlement was made at the mouth of the Willow River in 1840 by Louis Massey and Peter J. Bouchea. In the spring of 1839 the steamer Palmyra opened the St. Croix River to trade and travel. The pine forests between the St. Croix River and Minnesota attracted interest in lumbering, and many lumber mills were built in this vicinity in the 1840's. By 1847 frame houses began to appear, and in 1849 a boarding house was opened at what is now the City of Hudson by Moses Perrin. With the establishment of the United States Land Office at Hudson in 1849, great advances were made in population. As a result the population of St. Croix County, 624 in 1850, had increased to 2,040 by 1855 and 5,388 in 1860.

In 1840 the Legislature of Wisconsin created the county of St. Croix, carrying the same name as the bordering river which derived its name from a Monsieur St. Croix, an explorer who was drowned at the mouth of the river late in the seventeenth century.

Another account said Father Hennepin gave this region the French name St. Croix (originally St Croix) which means Holy Cross. The rich, rolling prairie lands of St. Croix County were conducive to farming, and by 1881, wheat had become the main farm crop. Oats, corn, potatoes, barley, rye and hay were also raised until dairying commenced. Today St. Croix County is well known for its dairy products with milk the most important source of income for its farmers.

The boundaries of St. Croix County have remained constant since 1853. St. Croix County is 30 miles wide in the northern part, increasing to 33 miles in width in the central part, and then tapering down to 30 miles again at its southern extremity. It is 20 miles long and has an area of 729.45 square miles.

St. Croix County has a total of 21 towns, ten villages (including one ward in the Village of Spring Valley), three fourth-class cities, and four wards of River Falls located in St. Croix County. The population of St. Croix County in the 1980 census by the Bureau of the Census at Washington was 43,867; in 1990 the Census showed a population of 50,261 (a 16% increase); in 2000 the Census showed a population of 63,155 (a 20% increase); and in 2010 the Census showed a population of 84,345. St. Croix County was the fastest-growing county in the State of Wisconsin, up by more than 33% since 2000.

There are four county owned parks in St. Croix County. Troy Park, located approximately 5 miles south of Hudson on the beautiful St. Croix River, offers swimming and picnic areas. Glen Hills Park located 5 miles south of Glenwood City offers swimming, boating, picnic area, fishing, a golf course, camp sites, snowmobile trails, and cross-country skiing. Pine Lake Park located 4
miles north of Baldwin offers a scenic park, fishing, boating, picnic area and recreation. Homestead Park on Perch Lake is located 3 miles northwest of Burkhardt off of County Road E or County Road I and opened May 2003. St. Croix County is also proud to have Willow River State Park located within our boundaries about 5 miles east of Hudson, which offers beautiful scenery, camping, picnic grounds, water cascades, nature trails, and winter cross country ski trails. There are approximately 100 miles of designated snowmobile trails located in St. Croix County.

It was not until 1851 that the County Board of Supervisors appointed Ammah Andrews to erect county buildings. This order was rescinded at a subsequent meeting, but an appropriation of $350 was made for the construction of a county jail. No further progress was made until 1856 when a contract was again made with Ammah Andrews to build a courthouse for $14,300. The total cost of the buildings, completed in 1856, was $20,045. These buildings were used with minor repairs until 1900 when a new courthouse, jail and sheriff’s residence were constructed at a cost of $50,000.

As demands for more space became apparent, a new jail was erected in 1963 at a cost of $325,000. Upon completion, the previous jail and sheriff’s residence were dismantled, and construction commenced on that location for a new county courthouse. Erection of the 1965 courthouse was completed in 1966 at a cost of $725,000.00.

In November of 1991 the County Board Supervisors voted to approve construction of a new Government Center and bonding for $11,500,000. The new Center is located on the Boody property along County Trunk UU and Carmichael Road.

June 14, 1993 was the day of occupation of our new Government Center. An Open House was held prior to the jail being occupied with over 1200 participating. The Dedication Ceremony was August 17, 1993. The jail was occupied in August, 1993. The Emergency Communications Center moved to the Government Center in April, 1995. The 1900 Courthouse was sold to David Tank who renovated it into condominium apartments.

In December of 1994 the 1965 Courthouse was sold for $400,000 to the City of Hudson for use as a Library and other offices.

In 1998 the Ag Center was constructed in Baldwin and houses the UW-Extension, Land and Water Conservation, Farm Service Agency and NRCS offices.

Construction of the 80-bed Huber Facility began in 2003 and was completed in April 2004.

In November 2008, a referendum passed to reduce the County Board membership from 31 members to 19 passed. This was in effect for the Spring Election in April 2010.

On February 23, 2013, St. Croix County sold 552 acres of former county farmland in New Richmond. The sale was conducted by Hager Auction Services with the land selling in six parcels. In January, the St. Croix County Board of Supervisors voted 10-8 to sell the land, which the county has owned for more than a century, to raise money for capital improvement projects. The land brought a total sale price of about $3.5 million, which includes an auctioneer’s 4.5 percent fee.

In August 2013 the St. Croix County Board of Supervisors adopted a resolution authorizing the purchase of the former County Market Building located at 1752 Dorsett Lane in the City of New Richmond for $1,280,000. The County Board committed to vacating the Health and Human Services Building (October 26, 2010—Resolution 35(2010)) and authorized the County Administrator to relocate Health and Human Services employees (January 8, 2013—Resolution 7(2013)). Interior construction of the building, now known as St. Croix County Services Center, began in January 2014. St. Croix County Services Center will house Health and Human Services, Aging and Disability Resource Center and Veterans Service Office.

On May 5, 2015, the St. Croix County Board of Supervisors adopted a resolution authorizing the borrowing of not to exceed $20,000,000 for design and construction/renovation costs associated with the St. Croix County Health Center Project (Project) in New Richmond. The Project
consists of the construction of a 50-bed skilled nursing facility and a 10-bed dementia crisis stabilization unit and the renovation of the existing nursing home building into a 40-bed Community Based Residential Facility (CBRF).

On August 2, 2017 the St. Croix Crossing Bridge opened. Minnesota Governor Mark Dayton and Wisconsin Governor Scott Walker cut the ribbon on the long-awaited St. Croix Crossing project. The $646 million effort connects the city of Oak Park Heights, Minn., to the town of St. Joseph, Wis. It spans the St. Croix River with a more than 5,000-foot extradosed bridge that will carry four lanes of traffic in each direction. The new bridge, about a mile downstream from the Lift Bridge, is designed to carry more than twice the 18,000 vehicles a day that now cross the river. The St. Croix Crossing is 100 feet wide and stretches between 110 feet and 150 feet above the water, allowing boat traffic to freely move beneath it.

On September 5, 2017, the St. Croix County Board of Supervisors adopted a resolution authorizing the borrowing of not to exceed $27,000,000 for the purpose of constructing and equipping a new highway construction and maintenance facility including acquisition of land as the site for said facility. Construction commenced on the Baldwin Highway Facility in April 2018. Construction was completed in May of 2019, with the Highway Department taking occupancy in June 2019. An open house was held in September of 2019 with a number of citizens visiting to walk-through the new St. Croix County Highway Department Baldwin Facility. Also, on September 5, 2017, the St. Croix County Board of Supervisors adopted a resolution to purchase 53 acres in the Village of Baldwin as the future site of the new Highway Facility. Construction began in April 2018.

The Government Center Expansion Project was approved for funding at the County Board Meeting on March 1, 2022. St. Croix County is experiencing an increased need for additional services to meet the needs of our growing County. We are the second fastest growing County in the state of Wisconsin. As the need for services increase, the need for space to provide those services also increases. To meet future needs of residents, the County proposed an expansion to the existing Government Center Building in Hudson, Wisconsin. This expansion will be the first major renovation of this building since it was built in 1993. This new expansion and renovation of the existing building is designed to meet the County’s needs for another 20-30 years. The expansion will support growth in the coming years and increase efficiency in the services we offer residents. The construction is scheduled to be complete in Spring of 2025. michael.geissinger@wisc.edu
Duties: Extension’s mission is to connect people with the University of Wisconsin. Thanks to joining forces with UW-Madison, we’ll strengthen each other through exchanging experience and research statewide. No matter what you’re trying to accomplish in Wisconsin, you’ll find the support you need as we continue to bring our home state together, community by community.

Agriculture: Purpose - to develop and conduct educational programs for farmers and agri-business people. These programs are designed to increase agricultural profitability and develop leadership in the agricultural community. The general topics of these programs include dairy and livestock production, crop production, farm business management, pest control, agricultural marketing and policy and other topics supported by research from the land grant university system.

Horticulture: Purpose - to provide research-based education on sound environmental practices for fruit, vegetable, and home grounds care. Our programs provide information on weed control, pest control, landscape maintenance, commercial fruit and vegetable production, and commercial fruit and vegetable business management. Through a partnership with Pierce County, Extension also provides training for the St. Croix Valley Master Gardener Volunteers.

Health and Well-Being Education: Purpose - The Extension Institute of Health & Well-Being works to catalyze positive change in Wisconsin families through evidence-based programs focused on nutrition, food security and safety, chronic disease prevention, mental health promotion, prevention of substance abuse and health insurance literacy. Rooted in both urban and rural communities, we’re working together to help solve the state’s most pressing well-being needs and to ensure that all Wisconsinites live stronger, healthier lives.

Community Resource Development: Purpose - The Extension Institute of Community Development provides educational programming to assist leaders, communities, and organizations realize their fullest potential. We work with communities to build the vitality that enhances their quality of life and enriches the lives of their residents. We educate in leadership development, organizational development, food systems, community economic development, local government education and much more. In short, the Community Development Institute plants and cultivates the seeds for thriving communities and organizations.

4-H Youth Development: Purpose – The Extension Institute of Positive Youth Development prepares the youth of today to become the effective, empathetic adults of tomorrow. Our research-based youth enrichment programs like teens in governance build youth and adult capacity and partnerships that help both sides grow. 4-H clubs, camps and afterschool programs
give young people the hands-on experiences they need to develop an understanding of themselves and the world.

**Wisconsin FoodWise Program:** FoodWise advances healthy eating habits, active lifestyles and healthy community environments for families with limited incomes through nutrition education at the individual, community and systems levels. FoodWise is federally funded by the Supplemental Nutrition Assistance Program-Education (SNAP-Ed) and the Expanded Food and Nutrition Education Program (EFNEP).
