Serving youth and adults with disabilities in the St. Croix Valley

DAY SERVICES
Monday – Friday | 9am – 3pm | Year-round
Offers supports all year long for participants by promoting an active and healthy lifestyle and strengthening life skills through a variety of daily community experiences. At BRIDGE we believe that individuals with disabilities should have meaningful choices in their daily community activities and we ensure that these choices are age and ability appropriate and interest driven.

COMMUNITY EMPLOYMENT SERVICES
Provides individuals the opportunity to choose, obtain, and retain employment in the community with varying degrees of support. We believe that, given the right level of support, every person who receives services at BRIDGE has the potential to work in the community if they desire.

SUMMER PROGRAMS
Monday – Friday | 9am – 3pm | June – August
Encourages positive connections for participants, enhancing their capacity to be social during this important transition period in their lives. Participants enjoy creative activities and assistance with life skills through fitness & cooking, music, nature, and art themes.

SEASONAL EVENTS - SOCIAL ACTIVITIES - DANCES

Information at your fingertips

You hold in your hands the Aging & Disability Resource Guide for St. Croix County. On these pages you will find well-organized information, with names and phone numbers at your fingertips.

It’s entirely possible, though, that eventually you’ll realize that you need even more information. In that event, you may contact the Aging & Disability Resource Center (ADRC) of St. Croix County at 1.800.372.2333.

ADRC is indebted to the advertisers for providing the funding to produce this guide.

These guides will be available through all of the agencies as well as many other organizations across the region.

Extra copies of this guide are available at our office at no charge. Also we can mail one to any address in the U.S.

This directory may not include all agencies serving St. Croix County residents and is not a recommendation for any product or provider.

The purpose of the Adult Protective Services Unit is to provide protection and advocacy to St. County residents who are elderly or adults at risk. An adult at risk is an adult, of any age, who is diagnosed with a chronic mental illness, developmental disability or other impairment that significantly impacts their ability to function on a daily basis and who has experienced or is a risk of abuse or neglect. Abuse includes physical abuse, emotional abuse, sexual abuse, treatment without consent, unreasonable confinement or restraint. Other reportable instances include financial exploitation, neglect and self-neglect. Services provided by Adult Protective Services include protection and intervention, outreach, advocacy, referral, guardianship and protective service coordination.

“We love living here! and you will too!”

“The best part of living here is I can visit with all my friends and never leave campus. The staff is top notch! We are so lucky to have this place right here in Hudson!”
- Dorothy Cudd

“My wife and I moved into WinterGreen Senior Apartments in 2008. I was tired of keeping up all the maintenance of our home. With more free time I found a new hobby, “carving”. The on-site wood shop is great and so are all the people who live here! The social activities are numerous and varied. My only regret was that we didn’t move three years earlier!”
- Don Stannard

Definitions

Adult Family Home (AFH):
Adult family homes of 3-4 beds are places where 3-4 adults who are not related to the operator reside and receive care, treatment or services above the level of room and board and that may include up to seven hours of nursing care per resident.

Certified Residential Care Apartment Complex (RCAC):
Residential care apartment complexes (RCACs) are services provided in a homelike, community-based setting where 5 or more adults reside in their own living units that are separate and distinct from each other. Members who reside in the facility also receive the following services: supportive services (e.g., laundry, house cleaning), personal assistance (e.g., personal care), nursing services (e.g., wound care, medication management), and assistance in the event of an emergency.

Community-Based Residential Facility (CBRF):
A community-based residential facility (CBRF) for elders or persons with physical or developmental disabilities is a place where 5 or more adults who are not related to the operator or administrator reside and receive care, treatments, support, supervision and training. (CBRFs for persons with developmental disabilities may only have up to 8 adults who are not related to the operator or administrator.) Services include supportive home care, personal care, supervision, behavior and social supports, daily living skills training, transportation and up to seven hours per week of nursing care per resident.

DF:
Dementia Friendly Organization trained by Dementia Care Specialist

Skilled Care:
A type of health care given when you need skilled nursing or rehabilitation staff to manage, observe, and evaluate your care. Nursing, physical therapy, occupational therapy, and speech therapy are considered skilled care by Medicare. In addition to providing direct care these professionals manage, observe, and evaluate your care. Any service that could be safely done by a non-medical person (or by yourself) without the supervision of a nurse is not considered skilled care.
