

# Those Fully Vaccinated in Non-Healthcare Settings

## Fully Vaccinated AFTER Two Weeks Since Last Dose of Series

| SUN  | MON                    | TUE | WED | THU | FRI | SAT |
|--|------------------------|-----|-----|-----|-----|-----|
| 01<br>2nd dose in two-dose series or 1st dose in one-dose series | 02                     | 03  | 04  | 05  | 06  | 07  |
| 08   | 09                     | 10  | 11  | 12  | 13  | 14  |
| 15<br>2 weeks since last dose                                    | 16<br>Fully vaccinated | 17  | 18  | 19  | 20  | 21  |
| 22   | 23                     | 24  | 25  | 26  | 27  | 28  |
| 29   | 30                     | 31  |     |     |     |     |

Two weeks after the second dose in a two-dose series (Ex: Pfizer or Moderna)  
OR first dose in one-dose series (Ex: Johnson & Johnson)

## Fully Vaccinated People Can

In a private setting, gather with fully vaccinated people indoors without wearing masks or physical distancing.

In a private setting, visit with unvaccinated people from a single household that are at low risk for severe COVID-19 disease indoors without wearing masks or physical distancing.

Not quarantine or test following a known exposure if symptoms are not present.

\*Replaces previous 90 day guidance

## Those that are fully vaccinated must continue to:

- **Take precautions in public** and when visiting unvaccinated people  
*(Wear masks, practice physical distancing, and adhere to other prevention measures)*
- Avoid **medium to large** in-person gatherings
- Get **tested** if experiencing COVID-19 symptoms
- Follow **employer guidance**
- Follow CDC, and local health department's **travel requirements and recommendations**
