Memory Café is a safe, informal, social event engaging those with memory/cognitive changes and a friend or a care partner to laugh, learn and enjoy each other. Each Memory Café has its own personality. You can attend as many as you wish.

We welcome those Alzheimer's disease or other types, mild cognitive impairment, or people wondering about memory loss. Individuals in the early to early middle stages will be most comfortable here.

Caregiver support groups are also available at different locations and times to focus on caregiver needs so contact your local ADRC for schedule.
